Dear Readers, Authors, Reviewers and Editorial Board Members,

It is a great pleasure to announce the 10th Volume of *Letters in Applied NanoBioScience* and the 10th year of publication under the platinum open-access policy. Special thanks to all authors, editorial board members and reviewers for unconditional support to *Letters in Applied NanoBioScience*. In the last years, the journal has seen a spectacular increase, for example, Volume 9 contains 4 times more published pages as compared to Volume 8. This is a clear reflection of the increased number of published papers.

In this context, our main aim is to index the journal on the Scopus database and Clarivate Analytics - Emerging Sources Citation Index.

I take this opportunity to invite academic and scientific researchers to submit their manuscripts, review papers, or original research to be evaluated for publication in *Letters in Applied NanoBioScience*.

Keywords: nanoscience; bioscience; nanobioscience; platinum-open access.
